

An Informative Full-day Seminar:

Lockout

(Control of Hazardous Energy Sources) and Machine Guarding

1 Who Should Attend . . .

This program is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about liability and workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA).

2 Why You Need This Seminar . . .

- ▶ To reduce disabling injuries and illnesses to employees - and to ensure that every worker goes home safe and healthy every day.
- ▶ To reduce the high costs of work-related injuries. Nationally, employers spent an estimated 50.8 billion on wage payments and medical care for workers hurt on the job. (*Liberty Mutual Safety Index 2005*) This is only a portion of the total costs of work-related injuries. Indirect costs such as overtime, training and lost productivity can also burden employers.
- ▶ To enhance your company's bottom line. A strong safety and health commitment not only protects workers, it also reduces workers compensation costs, improves employee morale, and increases production and quality.

3 What You'll Learn . . .

This one day seminar covers the requirements of General Industry Safety Standard Part 85, Control of Hazardous Energy Sources, and machine guarding requirements. Topics include the recognition of energy sources, creation of written programs, employee training, annual inspections and normal production operation exemptions. Employee protection through the use and application of machine guards and devices as required by various MIOSHA standards is covered in detail.

Agenda

*We offer a flexible
program agenda
to emphasize the
topics you
want most.*

- ▶ Machine Guarding
- ▶ Lockout Tagout
- ▶ Personal Protective Equipment

All meetings are accessible and barrier free. Please contact the cosponsor or CET Division, at least two weeks in advance, to request necessary accommodations.

Facilitator

Jerry Swift began work for MIOSHA's Consultation Education and Training Division in 1985 to assist employers and employees in the Grand Rapids, Michigan area. Jerry presently resides and provides consultation and training services in the extreme southwest corner of Michigan covering Allegan, Berrien, Cass, St. Joseph, and Van Buren counties.

Currently Jerry has been given primary responsibility for administering the partnership created between the United Auto Workers, Ford Motor Company, and MIOSHA. He has also become involved in one of MIOSHA's outreach strategies to develop new alliances and partnerships for the purpose of leveraging safety and health resources within Michigan.

Prior to joining MIOSHA, Jerry had worked as a Safety Administrator in the chemical, automotive and furniture manufacturing sectors after earning a B.S. degree in Environmental Safety and Safety Management from Indiana State University.

Jerry Swift
*Occupational Safety Consultant,
MIOSHA, CET Division*
